

COMPANY PROFILE

LOGICAL NETWORK SOLUTIONS

COMPANY OVERVIEW

(CEO MESSAGE)

Since our establishment in 2011, Logical Network Solutions LLC (LNS) has been committed to delivering innovative, reliable, and industry-compliant technology solutions across the United Arab Emirates. Over the years, we have successfully built a reputation as a trusted provider of Security Systems, ELV Solutions, IT Infrastructure, Smart Building Technologies, Audio Visual Systems, and Digital Transformation Services.

Backed by more than 15 years of industry experience, our team specializes in the design, supply, installation, integration, testing, commissioning, and maintenance of technology solutions for commercial, residential, hospitality, healthcare, retail, industrial, and government sectors. Our commitment to quality, technical excellence, and customer satisfaction has enabled us to establish long-term partnerships with clients, consultants, developers, and facility management organizations throughout the region.

At LNS, we believe that technology should not only solve today's challenges but also prepare organizations for tomorrow's opportunities. By combining skilled engineering expertise with globally recognized technologies and best practices, we deliver solutions that enhance security, improve operational efficiency, and support business growth.

Our commitment to continuous improvement is reflected through our ISO 9001:2015 Quality Management System, ISO 27001:2022 Information Security Management System, and SIRA certification. These certifications demonstrate our dedication to maintaining the highest standards of quality, security, compliance, and professional service delivery.

As part of our strategic growth vision, we are expanding our operations beyond the UAE with the establishment of our Damascus, Syria office, strengthening our ability to serve clients across the Middle East and support regional development through innovative technology solutions.

As Founder and CEO, I firmly believe that long-term success is built on trust, innovation, technical excellence, and customer satisfaction. Our mission is not simply to install technology, but to create secure, efficient, and future-ready environments that support our clients' growth and success.

On behalf of the entire LNS team, I would like to thank our clients, partners, suppliers, and employees for their trust and support. We look forward to continuing our journey of delivering excellence, innovation, and value for many years to come.

"Delivering technology solutions that create secure, efficient, and intelligent environments."

IT SERVICES

IT AMC

At Logical Network Solution we understand the critical role that IT infrastructure plays in the success of your business.

Our Information Technology Annual Maintenance Contract (IT AMC) is designed to provide comprehensive and hassle-free support for all your IT needs. With our IT AMC services, you can focus on your core business operations while we take care of your technology.

IT Support (onsite / remote)

At Logical Network Solutions, we provide comprehensive IT support services tailored to meet the unique needs of your business.

Our team of experienced technicians is ready to assist you, whether it's on-site troubleshooting or quick remote assistance.

We understand that your IT systems are the backbone of your operations, and we're here to ensure they run smoothly at all times.

Backup Solution

In today's digital age, your data is one of your most valuable assets. Protecting it is not just a priority; it's a necessity.

At Logical Network Solution, we offer cutting-edge backup solutions that ensure the safety and availability of your critical information.

With our secure backup services, you can rest easy knowing that your data is shielded from loss, corruption, and disasters.

Cloud Solution

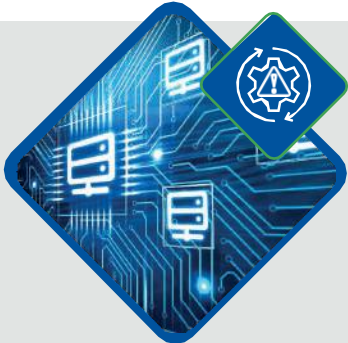

In the age of digital transformation, the cloud is revolutionizing the way businesses operate.

At Logical Network Solution, we offer state-of-the-art cloud solutions designed to empower your organization.

Our cloud services are engineered to enhance flexibility, scalability, and efficiency while reducing operational costs.

IT SERVICES

Data Recovery

Data is the lifeblood of modern businesses, and losing it can be catastrophic. Whether it's due to hardware failure, human error, or a malicious attack, data loss can disrupt operations and result in significant financial losses.

At Logical Network Solutions, we understand the critical importance of data, and we offer expert data recovery services to help you retrieve and restore your valuable information.

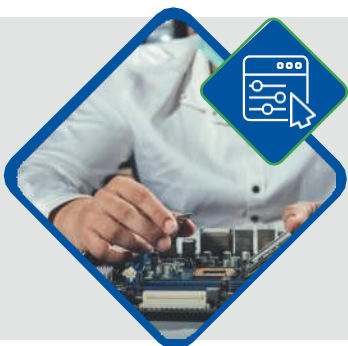

Server Installation

Your server is the backbone of your IT infrastructure, and its proper installation is critical to ensure smooth and secure operations.

At Logical Network Solutions, we offer expert server installation services designed to set a solid foundation for your business's IT needs.

Our experienced technicians will carefully plan, install, and configure your server to meet your specific requirements.

Customized PC Assembling

When it comes to building a powerful and efficient server, one size doesn't fit all.

At Logical Network Solutions, we specialize in expertly assembling customized PCs tailored to your unique server needs.

Our experienced technicians will work closely with you to design and construct a server that maximizes performance, reliability, and scalability.

Point of Sale (POS) System

In the fast-paced world of modern commerce, efficiency and accuracy at the point of sale are paramount.

At Logical Network Solutions, we offer cutting-edge Point of Sale (POS) solutions designed to streamline your business operations and enhance the customer experience.

Our robust and customizable POS systems are tailored to meet the unique needs of your business.

NETWORKING

Networking AMC

In today's digitally connected world, a robust and reliable network is the backbone of any business.

At Logical Network Solution, we understand the critical role that networking infrastructure plays in your operations. Our Networking Annual Maintenance Contract (AMC) services are designed to ensure your network remains efficient, secure, and always available.

Domain & Hosting Services

In the digital age, your online presence is crucial to the success of your business.

At Logical Network Solution we offer reliable Domain and Hosting Services that provide the foundation for your website, ensuring it's accessible, secure, and always available to your audience.

Whether you're launching a new website or looking to improve your existing online presence, we have the solutions you need.

Enterprise IT-Infra Solutions

In today's dynamic business landscape, a robust and adaptable IT infrastructure is vital for achieving growth and staying competitive.

At Logical Network Solution we specialize in providing comprehensive Enterprise IT Infrastructure Solutions designed to empower your organization.

From infrastructure planning and implementation to ongoing management and support, we have the expertise to optimize your IT environment.

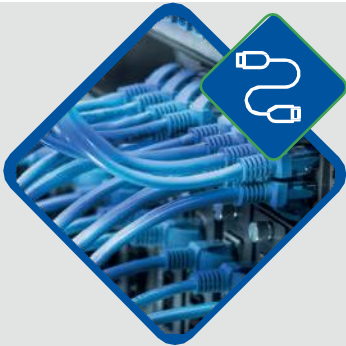

VPN Solutions

In an era of increasing cybersecurity threats and the need for remote work flexibility, having a reliable VPN solution is paramount.

At Logical Network Solution, we offer comprehensive VPN solutions designed to safeguard your data, protect your privacy, and ensure secure connectivity for your organization.

NETWORKING

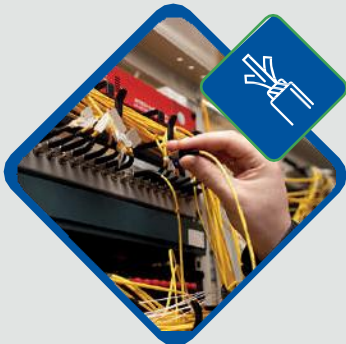

Structured Cabling

In today's digitally-driven business landscape, a robust and organized network infrastructure is the foundation of effective communication and data exchange.

At Logical Network Solution, we specialize in providing high-quality Structured Cabling solutions designed to ensure the reliability and scalability of your network.

Our expertly designed and installed cabling systems set the stage for seamless connectivity and optimal performance.

Fiber Optic Solutions

In an era where speed, reliability, and bandwidth are paramount, fiber optic technology stands at the forefront of connectivity solutions.

At Logical Network Solution, we specialize in providing cutting-edge Fiber Optic Solutions designed to propel your network into the future.

Our fiber optic solutions offer lightning-fast speeds, high bandwidth, and unmatched reliability for businesses of all sizes.

SECURITY AND ELV

Communication & Low Voltage System AMC

In today's hyper-connected world, seamless communication and dependable low voltage systems are the lifeblood of modern businesses. At Logical Network Solution, we offer comprehensive Annual Maintenance Contracts (AMC) for Communication & Low Voltage Systems to keep your critical infrastructure running smoothly, reliably, and securely. Our commitment is to ensure uninterrupted connectivity, efficiency, and peace of mind for your organization.

Telecom & Telephony System

In an interconnected world, effective communication is the lifeblood of any business. At Logical Network Solution, we offer cutting-edge Telecom & Telephony System solutions designed to keep you connected, streamline your communications, and enhance your overall efficiency. Whether you need a robust phone system, VoIP solutions, or advanced telecommunication services, we've got you covered.

Closed Circuit Television (CCTV) System

In today's digitally connected world, a robust and reliable network is the backbone of any business.

In an ever-changing world, the need for security and surveillance has never been more crucial. At Logical Network Solution, we provide advanced CCTV (Closed-Circuit Television) System solutions that empower you to safeguard your assets, monitor your premises, and enjoy peace of mind. Our state-of-the-art systems offer round-the-clock surveillance, remote access, and cutting-edge technology to protect what matters most to you.

Access Control System

In a world where security is paramount, controlling access to your premises has never been more critical. At Logical Network Solution, we provide comprehensive Access Control System solutions that enable you to protect your property, restrict unauthorized entry, and enhance overall safety. Our state-of-the-art systems offer secure access management, real-time monitoring, and peace of mind.

SECURITY AND ELV

Attendance Solution

Efficient attendance tracking is essential for any organization seeking to optimize workforce management and improve operational efficiency. At Logical Network Solution, we offer comprehensive Attendance Solutions designed to simplify and automate attendance management processes. Our cutting-edge solutions provide accurate, real-time attendance data, streamline record-keeping, and empower you to make informed decisions.

Intercom System

Efficient and secure communication within your premises is essential for maintaining a well-organized and safe environment. At Logical Network Solution, we offer comprehensive Intercom System solutions designed to facilitate seamless communication, enhance security, and streamline access control. Our state-of-the-art systems provide reliable two-way communication, video integration, and peace of mind.

Queue Management System

Efficient queue management is the cornerstone of delivering exceptional customer service and optimizing operational workflows. At Logical Network Solution, we offer robust Queue Management System solutions designed to help businesses of all sizes streamline customer flow, reduce wait times, and enhance overall satisfaction. Our state-of-the-art systems offer real-time monitoring, analytics, and a seamless experience for both customers and staff.

Smart Home Automation

Imagine a home that responds to your needs, anticipates your preferences, and enhances your daily life with unmatched convenience and efficiency. At Logical Network Solution, we bring your vision of a smart home to life. Our Smart Home Automation solutions transform your living spaces into intelligent, connected environments where comfort, security, and control are at your fingertips.

SECURITY AND ELV

Gate Barrier System

Securing your premises and controlling access to your property is a fundamental aspect of safety and organization. At Logical Network Solution, we offer robust Gate Barrier System solutions designed to help you manage access, enhance security, and streamline the flow of vehicles. Our state-of-the-art systems provide reliable access control, real-time monitoring, and peace of mind.

AUDIO VIDEO

AV AMC

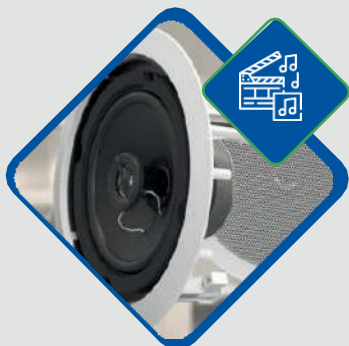

In today's digital age, audio and video systems play a pivotal role in communication, collaboration, and entertainment. At Logical Network Solution, we recognize the importance of keeping your AV infrastructure running smoothly.

Our Audio-Video Annual Maintenance Contract (AV AMC) services are tailored to ensure that your audio and video systems perform flawlessly, year after year.

Conference Solution

In an era of global collaboration and remote work, effective communication and seamless meetings are essential for business success. At Logical Network Solution, we offer comprehensive Conference Solutions designed to enhance your meetings, webinars, and conferences. Our cutting-edge technology ensures that you can connect, communicate, and collaborate with ease.

Background (BGM) Music

Music has the power to transform any environment, evoke emotions, and create memorable experiences. At Logical Network Solution, we offer a wide range of Background Music (BGM). Our services designed to enhance your business, event, or space with the perfect sonic backdrop. Elevate the atmosphere, engage your audience, and leave a lasting impression with our curated BGM solutions.

Home Theater System

Transforming your home into a cinematic oasis is now easier than ever with our Home Theater System services at Logical Network Solution. We specialize in creating immersive and high-quality home theater experiences that bring the magic of the big screen right into your living room. Whether you're a movie enthusiast, sports fanatic, or gaming aficionado, our custom home theater solutions will elevate your entertainment to a whole new level.

AUDIO VIDEO

Digital Signage

Information and Communication

In the fast-paced world of information and communication, making a lasting impression is paramount. At Logical Network Solution, we offer cutting-edge Digital Signage solutions that empower your business to engage, inform, and captivate your audience like never before. From

dynamic advertising displays to interactive information boards, our digital signage services deliver impactful messaging in real-time.

Interactive Display

In a world where engagement and interactivity drive meaningful experiences. Our interactive displays have become essential tools for businesses, educators, and organizations. At Logical Network Solution, we offer cutting-edge Interactive Display solutions designed to immerse. To educate and engage your audience like never before. From interactive whiteboards in classrooms to engaging touchscreen kiosks in retail, our interactive displays transform passive viewers into active participants.

Video Wall

In today's digitally connected world, a robust and reliable network is the backbone of any business.

In an era where visual impact and information dissemination are crucial. The video walls have emerged as a dynamic and eye-catching medium. At Logical Network Solution, we offer state-of-the-art Video Wall solutions designed to make a bold statement. They capture attention, and deliver your message with striking clarity. Whether for retail spaces, corporate lobbies and control centers. The digital signage of video walls transform spaces into captivating visual experiences.
